VICTORIA INDUSTRIES.

The World of Smoke---Where Our Cigars Are Made And How.

The Factories of Barney Levy, J. L. Levy and M. Bantly---Quantity Produced.

The lengthened description of the manufacturing process of the cigar industry of Victoria given in the account of Kurtz & Co.'s factory in Friday's issue of THE TIMES applies generally to the other factories of the fragrant weed in the entity; and the remarks regarding the cause of the partial decline of this once flourishing industry are applicable to nearly all the factories. It is, however, satisfactory to be enabled to report that the state of trade is steady, and if anything on the increase, notably in the factory of

BARNEY LEVY,

corner of Johnson and Douglas street. Three years ago the celebrated Barnby started the present flourishing business in a 10x12 room on Johnson street, without any capital but that of a persevering, energetic spirit, and a thorough knowledge of his business. The factory grew with the trade, and we found six hands busily engaged in the manufacture of the well known brands of the famous B. L. make. La Mascotte, New Opera, Amity Club, Favorite Island Belle, La Flor de Victoria, Prince of Wales, &c. For the year ending 30th June 8,971 lbs of tobacco leaf were manufactured into some 300,000 cigars. We had explained by the vivacious proprietor the several kinds of leaf used for the different brands of cigars, and the qualities of the Nevada article from the Yara seed, Pennsylvania, Connecticut and Ohio transplanted Havana, were fully gone into. The leaf used is imported from San Francisco. The trade of this factory is principally for the present, confined to the city. There is a small export to other parts of the province, and the intention of the energetic proprietor is to extend it to all parts. We were informed that 20,000 cigars were disposed of by Mr. B. Levy on his first trip to Vancouver, a short time ago, in a few hours. The extent of the city trade is large; 10,000 cigars of special brands were used in six weeks by Mr. Bechtel of the Vancouver Hotel, and the consumption of the special brand of La Espanola, made for the cigar Divan, corner Government and Yates streets, is something surprising. Being a firm believer in the patriotic policy of purchasing in the Dominion, and thus keeping the money in the country, Mr. Levy is the only cigar manufacturer who obtains his boxes from Canadian makers. He finds that he can have laid down in Victoria as good, and in many cases, better articles of this line from Kidd & Co., of Toronto, at 14c per box including labels, whereas the boxes imported from San Francisco cost 20 cents each. The premises are large and commodious and well suited for the purpose. Business is steadily on the increase. As regards Montreal, or any other Eastern competition in the superior, and even in some of the more common lines, Barney defies competition, Mr. Levy hails from the sound of "Bow Bells," where he served his time to the trade, in one of the leading establishments of the great London world. His natural smartness, sharpened and improved by thirteen years in the United States, aided by an energetic spirit and a love for his business, combined with a thorough knowledge of all branches and tricks of the trade, enabled him to erect the present flourishing business from a foundation of nothing, except a willing pair of hands. An optimist, sanguine to a degree, vivacious and a superabundance of push and energy, Mr. Levy will undoubtedly carry the home manufacture of cigars to a success far beyond the most ardent expectations. A new brand will shortly be placed on the market, which will in name and quality take the British Columbians by surprise. A conversation with a live man with live ideas is very invigorating.

One of the oldest cigar factories in the city is that of the

T. & L. CIGAR FACTORY,

Government street, Mr. J. L. Levy, proprietor, who kindly afforded us every information required from his standpoint. This business when in full blast, in the good old days when a "bit" was nothing and a "quarter" almost the same value, employed 20 to 25 hands constantly. Eastern competition and pauper labor brought the number down to eight. The proprietor, with the recollections of the days of old still green in his memory, is rather of the pessimist kind, and although being a workingman himself, finds business not so profitable as formerly. He confines his trade to the city and island, having no idea at present to enter into competition in the other provincial markets. Vancouver! he wouldn't touch it on any account. The celebrated "T. & L." brand of cigars as manufactured by Mr. Levy, is too well known to need any comment here, which, with his other celebrated brands, hold their own in the estimation of consumers. Political economy and the law of supply and demand appears not to find much favor in the eyes of Mr. Levy. A firm believer in high prices, high wages and high flavored cigars, any arguments to the contrary have but little effect. He is a free trader as far as British Columbia is concerned, but not with Eastern Canada. This factory is the only one in the city that subjects the raw leaf to what is called the sweating process. The apparatus for "sweating" was explained, and the green leaf receives the addition of many good qualities by having the process performed on the premises. The raw material is imported from New York, Philadelphia, San Francisco, &c., and of the same quality as used by the other factories. The leaf manufactured last year was 10,000 lbs., turning out 220,000 cigars. The refuse is all consumed in the Queen's tobacco pipe. The premises are large and extensive, containing sweating room, drying room, work room, packing room, bonded warehouse, office, &c. Some short time ago 5000 cigars of the celebrated "T. & L." brand were shipped to Montreal to order of the well known cigar makers, Davis & Co. The opening of the C. P. R. almost killed the trade, owing to eastern competition. It was, however, admitted that prospects at present were brighter and that the past few months there had been a very marked increase in the demand for the domestic article. The trade is strictly wholesale. The boxes used are imported from San Francisco. Visiting the cigar factory of

M. BANTLY,

No. 91 Johnson street, who has been established in the business for five years, we were kindly and courteously received by the proprietor. Mr. Bantly's best brand is the well known M B's, manufactured from pure Havana filling. Some few years ago ten hands were constantly employed in this establishment; at present two are found sufficient. It is the usual tale—eastern cheap labor production—although the cigar makers coming from Eastern Canada demand the very highest wages in Victoria. Mr. Bantly does not "sweat" his tobacco leaf which he imports direct from San Francisco, also the boxes used, which can easily be made here with good machinery and a good man. The trade of this firm is confined to the city and suburbs, and there is a steady increase in the demand, a sign that eastern competition may yet be overcome. Mr. Bantly entertains hopes of the future native cigar trade. Consumers are beginning to find out that the native Victoria cigar is far superior to the eastern article in make and flavor. There was 2500 lbs of leaf tobacco used by this factory last year in the manufacture of 106,000 cigars.

That the cigar industry at present is nothing but the ghost of its former self must be admitted. Its pathology and cure can't well be treated here at present.

At Extra Series A, Private Sharpe, of the New Westminster Rifles, scored the highest possible score of 25 points at 200 yards, a feat seldom accomplished and creditable in this instance owing to the disadvantage in weather.

The meeting terminates at 2 o'clock all well pleased with the result and with the arrangements made by the executive officers to bring it to a successful termination. Lieut Lang particularly, whose zeal and attention to his duties as range officer, gained him the good will of all competitors.

POLICE COURT RECORD.

(Before Hon. A. N. Richards, Q.C.)

Morris Regan, charged with being drunk, was remanded until to-morrow.

Mary, an Indian woman, charged with being drunk; fined $5 or one week.

Joseph Phoenix, charged with an infraction of the Street By-law. Charge withdrawn on payment of costs.

Terrible Accident.

A very sad accident occurred Saturday about noon. A number of men were working on Messrs. Stevenson & McCraney's contract on Georgia street near its junction with Pender street and as is usual a blast was arranged to be fired as soon as the men went to dinner. Just after the fuse was lighted one of the workmen named Alexander Mearns saw his little daughter coming along Pender street with his dinner. He immediately ran to put her in a place of safety, after doing which he stood in the roadway waiting for the blast to explode, about 500 feet away. The explosion took place and pieces of the stump flew in all directions, one large piece flying in the direction of where Mearns stood; he saw it coming and attempted to dodge it, but it struck him full in the chest, killing him instantly, in sight of his little daughter. He was a native of Toronto. He leaves a widow and five children.—*News-Advertiser.*

SHERIDAN'S LAST RIDE

He is Carried Away on the White Horse—The Hero Falls Painlessly Asleep.

Lamentable Accident—Depravity of Fallen Women—Dillon's Conviction Confirmed.

SHERIDAN DEAD.

Nonquit, Mass., Aug. 6—Gen. Sheridan died shortly after ten o'clock last night. Although somewhat restless he had been seemingly bright and cheerful during the day. His voice was strong and he had partaken of a full supply of nourishment. At about 9.30 o'clock the symptoms of heart failure suddenly appeared. Remedies which had heretofore been successful were vigorously applied, but proved ineffectual and he sank rapidly, dying painlessly at the hour named.

The fire bells of Cincinnati, Philadelphia, Chicago and Boston tolled on receipt of the news.

The general, who has made his will, leaves a wife and four small children—three girls and one boy.

It is substantially arranged this morning that the remains will be transported to Washington in a special car on Wednesday and the funeral services to be held at St. Mathew's Church (R. C.) on Thursday or Friday. Sheridan repeatedly expressed a strong dislike to display funerals, and in accordance with his wishes and Mrs. Sheridan's the ceremonies in Washington will be made as simple as possible. The funeral will be military of course. The interment will be in the grounds of the Soldier's Home. Messages of condolence to Mrs. Sheridan are arriving this morning from all parts of the country. Mrs. Sheridan bears up well and with great self control.

The President has issued an order directing General Schofield to take charge of the funeral arrangements of General Sheridan.

Washington, Aug. 6—The President first heard of Sheridan's death this morning at an interview and immediately ordered the national flag to be displayed at half mast on all buildings of the executive department until after the funeral. The President sent Mrs. Sheridan the following dispatch:

"Washington, D. C., Aug. 5.—Mrs. Sheridan, Norquit, Mass., via New Bedford: While the nation mourns its loss and shares your sorrow, let me express to you my personal grief and most sincere condolence. (Signed)

GROVER CLEVELAND, President."

He also sent a message to the Senate and House of Representatives announcing the death of Sheridan and highly eulogizing the late General.

FEARFULLY DEPRAVED WOMEN.

New York, Aug. 6—There more bodies were found in the burned bowery tenament, one that of a woman, probably Minnie Leyersen, a seamstress. The flesh was burned to a crisp and the identity of the women can at best be only guessed at. Two other bodies, apparently of men, were also dug out. All who were in the ruins have now been found. Amid all the horrible scenes, shrieks of the unfortunates, cries and lamentations of the poor creatures on the sidewalk below, watching their friends and kin miserably perishing in the fire, there was a shameless sight on Christie street. Half a dozen women with painted faces and gaudy gowns stood on the threshold of a groggery and laughed and sang ribald songs, as though they were taking part in a picnic instead of being witnesses of an awful tragedy. One of them brought out a champagne glass filled with some sort of liquor. She clinked it against the glass of a companion and then holding it aloft broke into the rollicking chorus of a German drinking song. Not to be outdone in an exhibition of callousness another woman, more brazen still, came pirouetting to the door and dashed the contents of a wine glass over the head and shoulders of the woman nearest her. A scuffle ensued, accompanied by boisterous laughter and jests. Two of the firemen pushed their way through the tightly packed crowd. Between them they carried a covered litter containing the charred remains of one of the victims. No sooner had the woman with the wine glass caught sight of this ghastly object than she began to sing the opening verse of a song, and in the chorus her shameless companions joined her.

DIVERSION OF TRADE.

Washington, Aug. 4—The Senate today appointed a committee to investigate the charges of the diversion of trade by Canadian roads.

ADMISSION OF WASHINGTON.

Washington, Aug. 6—The bill for the admission of Washington Territory holds the position of unfinished business on the legislative calender of the senate this week.

A RACER BREAKS DOWN.

Monmouth Park, Aug. 6—The Bard, who until Thursday, was recognized as champion of the turf, has broke down as result of a race that day, in which he was beaten by the California horse Foreign. His off hind leg failed shortly after the race and he was unable to stand until this afternoon. The ligaments of the leg are badly strained and it is feared he will never be able to race again.

A YOUTHFUL CRIMINAL.

Hasting, N. W., Aug. 6—On the arrival of the Burlington and Missouri train at the depot the police attempted to arrest Ulysses Nelson, alias George Wilson, (colored) on a charge of robbery. Nelson, who is only 14 years old, resisted arrest and shot and probably fatally wounded policeman Balcombe. The boy then fled, followed by the crowd, which pressed him so closely that he turned and fired again, wounding a railroad employee named Clark. He was finally captured and lodged in jail. If Balcombe dies, as is anticipated, the murderer will be lynched.

ANOTHER RESCUE.

St. John, N. B., Aug. 6—The Canadian cruiser Dredin yesterday seized an American boat while in the act of catching fish near Campobello Island.

SAD ACCIDENT.

Chatham, Ont., Aug. 4—Last night W Graham, journalist, of the *Planet* office and G. Curran, carpenter, together with several other young men, all members of the 24th battery, were fencing in the drilling room, when the point of Graham's foil penetrated Curran's brain near the eye. He died about midnight. Deceased came from Florence and was 26 years of age. It is thought that during the bout the button of the foil was knocked off thus leaving the point bare. The young men roomed together and were fast friends.

PROTEST AGAINST PERMITS.

Toronto, Aug. 6—The executive of the Dominion Alliance met this afternoon and passed a resolution in reference to Lieutenant-Governor Royal's action in granting liquor permits to the Banff Hotel as follows: "We hereby respectfully call upon the Dominion Government to refuse to carry out the proposal of Lieut.-Governor Royal in reference to the Banff hotel, and also to take prompt action to restrain him from issuing the proposed hotel permits." The President and Secretary were ordered to draw up a petition to the Government to this effect.

NEWFOUNDLAND CONFEDERATION.

Ottawa, Aug. 6—The delegates appointed by the government of Newfoundland to confer with the government of Canada as to the terms on which Newfoundland may become part of the Dominion, will arrive in Ottawa about the 10th of September. Sir John is expected to return to this city in a week or ten days before that day and all the ministers will be here to receive the delegation.

SIR HECTOR TO LAY CORNER STONES.

Sir Hector Langevin will lay the corner stone of the new public building at Joliette to-morrow. He will be tendered a banquet in the evening and it is expected a grand political demonstration will take place during the coming month. Sir Hector will also lay the corner stone at Coaticook, Aylmer, and probably one at two places in Ontario.

FOREST FIRES.

The city is completely enveloped in smoke from forest fires, which are raging in the surrounding country. St. Joseph, a village of about 500 inhabitants, six miles from this city, is nearly surrounded, and the residents were preparing on Saturday to leave for safety, as it is believed the village is doomed.

Washington, Aug. 6—Both houses shortly after meeting to-day adjourned out of respect to Sheridan.

ARTILLERY EXPERIMENT.

London, Aug 6—Experiments have been made at Portsmouth with a 6-inch breech-loader, firing the new Melinite shells. The missiles pierced ten and a half inches of steel armor and three and one-half feet of teak backing.

POOR CARLOTTA.

London, Aug. 6—Ex-Empress Carlotta of Mexico is becoming more furiously insane and refuses to wear clothing. Her attendants are obliged to use force to overcome her opposition.

A RUSSIAN CRUISER.

St. Petersburg, Aug. 4—A Russian cruiser has been ordered to Behring Straits to prevent English and American vessels from fishing in Russian waters.

SEIZURE.

Berlin, Aug. 6—The police have seized 15,000 volumes of immoral French novels and 5000 photographs.

DILLON'S CONVICTION CONFIRMED.

Dublin, Aug. 6—The Court of Appeal this morning refused to grant a writ of habeaus corpus for the release of Dillon, M. P., from prison and confirmed his conviction.

NORTHERN EXPLORATION.

Return of D. H. McNeill, one of Mr. Ogilvie's Party.

News was received to-day from Wm. Ogilvie, who left here a year ago last June with Prof. Dawson to survey and explore the northern country on behalf of the Dominion Government. Prof. Dawson returned, but Mr. Ogilvie proceeded north from Chilcat, Alaska, and wintered on the Yukon. Mr. D. H. McNeill, who accompanied the expedition, has returned by way of the Yukon river, Ounalaska and San Francisco. He came up on the Mexico this morning. On reaching the Yukon overland Ogilvie explored it for 600 or 700 miles. In September he camped for the winter and remained till the 3rd of March before starting out. He left then for the Mackenzie River which he will explore and then proceed across the Saskatchewan country to Winnipeg where he expects to arrive in November. When Mr. Neill parted with him he was short-handed, his party being reduced to four by the TIMES' informant and Jas. Day being disabled. He expected assistance on striking the H. B. Company's forts on the Mackenzie.

There were seventeen miners who came out from the Yukon gold mines with McNeill. Some had done well, others were disappointed. Some miners who had been in for two or three years came out with $3000 worth of dust; others had none. Forty Mile Creek, a branch of the Yukon, is the scene of the most activity. The gold, which is coarse, is taken from the banks and bars of the river. Work can only be carried on two months in the year at the most. One hundred and thirty miners wintered at the diggings. Before McNeill left 44 new miners had arrived and they said 200 were to follow them. It is not advisable for miners of limited means to go there.

The American cutters Rush, Thetis and Bear were seen, but nothing was seen or heard of the sealing fleet.

THE GREAT INTERIOR.

Crops Looking Well—The Artesian Wells—Rock Creek Mines.

[From the Inland Sentinel.]

Mr. G. B. Martin, M.P.P., was in town this week. Asked as to the artesian well he stated that the drill was down over 60 feet in stiff blue clay. It is expected to strike a gravel formation beneath the clay, when plenty of water would be found.

The prisoner Kennedy who shot and killed Archer at Golden, was brought to Kamloops jail on Wednesday night.

Rev. Mr. Irwin reports the crops looking splendid all through the country, and Rock creek mines better than ever, one property having been recently sold for $7000 to a San Francisco firm.

Mr. J. S. Chase President of the Ridden Treasure Mining Company, Cherry creek, will leave here to-morrow for the mine.

NICOLA MINING NOTES.

Work will be commenced by the Star mine concentrator on Tuesday next.

The King William mine is now down 109 feet, with 6 feet of solid ore at the bottom.

The Joshua is down 200 feet, with 2 feet of ore at the bottom and continuing.

The Tubal Cain is over 100 feet down.

Manager Crain of the Nicola Mining and Milling Company is highly pleased with the look of the mine and believes it to be the best all round, in the interior.

OUR REPRESENTATIVES' FAILURES.

The boldness of the Colonist, in condemning our city representatives, Messrs. BAKER and PRIOR, for indifference to the interests of their constituents, is a sign of the times that public servants will do well to profit by. The reduction of salaries in the Victoria postoffice to almost the same amounts paid to similar public servants in the old provinces of Canada, is an attempt to introduce the eastern half-penny policy, which will be resented by the people of this city with the greatest unanimity. British Columbia is not yet a cheap country to live in, and few of the people have any desire that it should become one. It is perhaps true that the tendency of the closer commercial relations which followed the construction of the C. P. R. is to reduce prices, but thus far there has been no appreciable effect. Reduction of salaries may follow a general reduction in rents and in the cost of the necessaries of life, but it is obviously beginning at the wrong end to cut down the wages of employees and still require them to pay the old prices for everything they buy. The question thus widens itself into one of general public interest, and affects all classes of the community, for the landlord who has houses to rent and the merchant who has goods to sell have direct personal reasons for opposing the reduction.

Our morning contemporary states that Messrs. BAKER and PRIOR allowed the appropriations, which reduced the allowances for the Victoria postoffice, to pass without comment or dissent, and calls upon those gentlemen to explain. The proper time to enter a protest was when the money was being voted, and had our representatives performed their duty even with half the diligence they are credited with evincing when their own personal interests are at stake, by showing to the Government and the House that the old salaries were not greater—cost of living being considered—than were paid in Ontario or Quebec, no reduction would have been made. No doubt the standard of efficiency will be lowered, for no young man possessing ability and ambition will continue to serve the government at a wage fully forty or fifty per cent. less than is paid by the employees of the business houses of the city. The Colonist, incidentally refers to "other incidents" which have been allowed to pass by with little comment, meaning, no doubt the wirepulling of representatives in search of fat life sinecures. It is quite true our contemporary had not the courage to "comment" upon the "incident," but it will be remembered that the TIMES called public attention to it and succeeded, for the present at least, in defeating the triplicate shuffle that had been secretly arranged. We congratulate our contemporary upon its convertion, and hope to have its assistance in the future in opposing the personal designs of all those who are elected to serve the people.

British Columbia wants more patriotism and less selfishness in its representatives. We require more independence and less partyism in those who are sent to Ottawa to voice the opinions of the electors. Occupying as they have in the past the position of thick-and-thin supporters of the party in power, and looked upon as needy office seekers, they have never taken that position in Parliament which the importance of the province, and the vast interests confided to their charge, imperatively demand. A cringing servility to the party in power is almost as impolitic as an unreasoning opposition, and in a province where eastern party politics does not obtain it appears to us the true policy lies somewhere between these two extremes.

IMPERIAL FEDERATION.

The speech of Mr. MOWAT, the skilful Ontario premier, at the Canadian dinner in London, is interesting at this time. Nothing remarkable, however, was said by him and he hardly indicated clearly what he wishes Canada to be excepting that the connection with the mother country shall be indissoluble and perpetual. Following is an extract from the speech:

At the same time no one can say that our present relations are permanent. I cannot understand that they can remain unchanged. What the change should be is a problem very difficult to solve. I have not yet seen any practical plan proposed. I could draw up one which would satisfy Canadians, but it would not satisfy Great Britain. Some enthusiastic Canadians, seeing what a great country we have become, are yearning to become an independent people. But we older men feel that we are not in a position to be thoroughly independent. Twenty-five years hence we might think of independence, but we cannot think of it now. Then there is another scheme which I will not discuss. I do not think that anyone here would look at the proposal that we should give away this great country which has been entrusted to us to another country altogether. And then there is the scheme of Imperial Federation. But whatever solution this important matter may receive I rejoice to hope and feel that whatever change may be needful in our relations with the old land it will be one which will make our connection with the mother country indissoluble and perpetual.

EDITORIAL NOTES.

Canadian railways and canals are being made big features of the great American presidential struggle. Canada is a great nation.

Americans berate Canada when it serves their political purposes, yet we find that as soon as a man can steal a little money over there he comes to Canada to spend it.

A rumor is in circulation that Sir Adams Archibald will be appointed Minister of Justice before the election in Colchester County, Mr. Thompson having decided to accept the vacant seat on the bench of the Supreme Court of Canada.

London Advertiser: Prof. Shaler tells us that Niagara Falls is on the retreat. In the course of time the cataract will pass through the St. Clair and Detroit rivers, and ultimately pull up at the Straits of Mackinac. Any excursions already advertised for this season need not be declared off, however, as the rate of retreat is only about three feet a century.

Electricity is rapidly coming into use in mining. In amalgamation it is now called in to a remarkable extent. And electricity is becoming popular as a motor and transmitter of power. Already at Aspen, in Colorado, a hoistar is ready to begin operations, operated by power transmitted from the source one mile distant; at Silver City, Idaho, a plant is established to drive a fifty stamp mill, the power being four miles distant. A new mill on the Comstock in Nevada will be run by electricity. In Arizona a contract has been let to convey power to a mine from a waterfall eight miles distant. The great operators on the Feather river will erect the largest electric mining plant in the world. The Lyken valley mines in Pennsylvania use an electric motor, which moves coal 6,300 feet. Electricity is used for lighting mines, avoiding danger of explosion, also to transmit signals and fire off blasts. An English mining Engineer states that in the near future eletricity will be largely adopted in the coal mines of the continent for underground hauling, pumping, ventilating and drilling, and also says that in mines of England, France and Germany, this power is rapidly coming into use and favor as it is found to be much cheaper than steam or compressed air.

SALT SPRING ISLAND.

The Crops—The Schools—Good Templars—Pioneer Dead.

The crops, considering the dry weather in May, are all that could be expected. The hay crop has just been safely housed, and the grain crop is becoming ripe. In a few cases farmers have begun cutting. S. S. I. still holds its reputation as a fruit-growing district, trees being heavily laden with the different varieties. It is quite a treat to visit the plum orchards of Mrs. Robinson, of Ganges Harbor and Mr. Booth of the North End.

There have been several seams of coal discovered on the island, but whether in paying quantities is yet to be found out. Favorable reports come from the Silver mine.

The children of Vesuvius Bay school were given a picnic at Ganges harbor on the 27th ultimo by the teacher, Mr. Pardy, with the kind assistance of Mrs. Stevens and other ladies. The affair was a grand success. Long may Mr. Pardy remain as a tutor of the young of that district. We understand the trustees of Beaver Point school have secured the services of Mr. W. A. Levinge, late of Burgoyne Bay, as teacher. Mr. J. Dougan, of Cowichan, succeeds Mr. Levinge at Burgoyne Bay.

Quite a number of buildings are under construction. Mr. J. Palans is erecting a large barn for Mr. Pappenberger of Beaver Point, which will be quite an improvement to that flourishing district. Also tenders are invited for the erection of an English Church at Vesuvius Bay. When completed we may boast of having three churches, a Catholic, Methodist and Church of England, and presided over by such able men as Father Doneckele, Rev. Messrs. Bowell and Kingham our spiritual wants will be well supplied.

The Hope of Salt Spring, No. 7 Lodge of I. O. G. T., held its quarterly election of officers in the hall on the 31st ult. The following officers were elected for the ensuing term: Sister A Broadwell, re-elected C T; Sister S Malcolm re-elected V T; Bro A Walter, Sec; Bro G Hampton, F S; Bro H Stevens, T; Bro E L Harrison, Chap; Bro A Anderson, M; Bros E Rosman, C G; Bro J Malcolm, Sen; Bro B Sparrow, D M. It is contemplated by the members to give a grand entertainment ere long. This noble work is progressing wonderfully and already one of the saloons has put up its bars. Keep on Good Templars.

Trade generally is brisk. The store keepers all report doing a fair business. Messrs. Sparrow & Shepard Bros. are busily engaged in logging.

The silent reaper has again visited S. S. I., relieving it of one of its most respected and pioneer residents, Mr. A. Buckner.

Mr. Musgrave and family and several young gentlemen from Victoria are spending a few days at Cushing Lake in quest of the finny tribe which abounds in that well known spot. Game is also plentiful this season. The people were surprised to hear of the proposed sale of the *Standard* to an almost defunct government. Long may the TIMES live to be the advocate of the people. UNION WITH UNCLE SAM.

Commercial Union—Its Ultimate Effect—Political Union.

Hon. David Wells, when returning east from this city last week, was interviewed by a Winnipeg *Sun* reporter on the question of trade relations with the United States. He said: "I have not been able to go as fully into the question as I would have liked," said Mr. Wells, "but I may tell you that since I set foot in Canada this time, and that is considerably over a month ago, I have scarcely met an individual who was not in favor of Commercial Union or some radical measure involving closer trade relations with the United States. Your people seem practically to be a unit on the question. It does not seem to make any difference to what political party they belong, they seem to be in favor of Commercial Union. I have not sought to meet people and discuss the question with them, but just talked incidentally with persons whom I happened to meet. The people of Victoria seem equally bent upon securing free trade as the people of the east."

"What would be the ultimate result of Commercial Union or free trade?

"Well, my opinion is that if it were carried out the relations between the two countries would, before a great while become so closely interwoven and so identical that gradually the union would glide into a political one. Annexation would follow. No, I don't like that word 'annexation.' It means the annexing of one country to another, and that would not be the case. If a union were to follow it would be one upon an honorable basis; it would be a partnership, where each partner went in on a fair basis. The autonomy of your provinces would be maintained, except that they might be called states. No interference with the management of your local affairs would occur. Your institutions would remain as they are, you would elect all your own officers, your judges and, in fact, you would be interfered with in no possible manner. So that while enjoying all the advantages commercial and otherwise, that any state now enjoys, your identity as provinces would be maintained. You would have to rest all right to dictate your foreign policy in the Federal Government, but that would be given up nothing, as you have nothing to do now with arranging your foreign policy—England does that for you."

"Is much attention directed in the States to the question of Commercial Union?"

"Not very much at present. All such questions are swallowed up by the absorbing one of the Presidential election. Of course the question is indirectly involved in the tariff reform issue, which is really the issue upon which the campaign is to be fought. No other issue will supplant this. If the tariff reform party, or the Democrats, succeed, and there does not appear to be the slightest possible chance of failure, then the question of commercial union with Canada will likely come up in a practical shape soon. If, on the other hand, the high tariff party, or Republicans, carry the day, which is most unlikely, then the question will receive a set back for a time. But it will only be a short time, for if I read the signs of the times correctly the nation is rapidly drifting towards free trade sentiment; in fact, I think a large majority are there already. This talk about the danger of introducing cheap English labor, by a reduction of the tariff, is all bosh. Why there is an infinitely greater difference between the wages of artisans and laborers in the Eastern States and those of the extreme west than there is between the laborers of England and those of the Eastern States. How could this remarkable difference exist under the same government if the danger from imported labor were a reality? No; I take no stock in that argument, and I think the nation will soon recognize its fallaciousness. I am confident a reaction against the high tariff has set in in the United States, and the States will hereafter be disposed to trade upon more liberal terms with the Dominion than has been adopted heretofore."

IN MEMORIAM.

Resolution of Condolence on Death of Very Rev. Father Jonckau.

At a special meeting of the St. Joseph's Social and Literary Society held on July 30, 1888, the following preamble and resolutions were unanimously adopted:

Whereas, it has pleased Almighty God in His infinite wisdom to remove from our midst by a sudden death the late administrator of Vancouver Island and Alaska and honorary member of this society, the Very Rev. John J. Jonckau.

Resolved, That while we desire to place on record our deep sense of the irreparable loss which this society has sustained in the removal of our beloved pastor and faithful and earnest counsellor, we recognize the dispensation of an all-wise Providence, and submit in all humility to the Divine decree.

That, while the many noble qualities of the deceased, his unassuming piety, his broad generosity, unaffected simplicity, and great learning excited, during his life, our highest admiration and esteem and endeared him to us by all that is good and noble in man, the memory of his life and teaching will still continue to live in our hearts, and bear fruit in our lives, influencing us in all our acts; and that the love of our religion will be as deeply rooted in our hearts, as he always, during his lifetime, tried to instill into our minds. And, in conclusion, we would respectfully ask the co-operation of your Lordship and the reverend clergy to guide our Society in all matters, both spiritual and temporal, that when it pleases Almighty God to call us from this "vale of sorrows" we may be as well fitted to appear before our maker as our late lamented pastor.

Resolved, That copies of these resolutions be forwarded to the daily papers of this city, the *Catholic Sentinel*, of Portland, and the *Monitor*, of San Francisco, for publication.

AYER'S PILLS. Sugar-Coated Cathartic

If the Liver becomes torpid, if the bowels are constipated, or if the stomach fails to perform its functions properly, use Ayer's Pills. They are invaluable.

For some years I was a victim to Liver Complaint, in consequence of which I suffered from General Debility and Indigestion. A few boxes of Ayer's Pills restored me to perfect health.—W. T. Brightney, Henderson, W. Va.

For years I have relied more upon Ayer's Pills than anything else, to

Regulate

my bowels. These Pills are mild in action, and do their work thoroughly. I have used them, with good effect, in cases of Rheumatism and Dyspepsia.—G. F. Miller, Attleborough, Mass.

Ayer's Pills cured me of Stomach and Liver troubles, from which I had suffered for years. I consider them the best pills made, and would not be without them.—Morris Gates, Downsville, N. Y.

I was attacked with Bilious Fever, which was followed by Jaundice, and was so dangerously ill that my friends despaired of my recovery. I commenced taking Ayer's Pills, and soon regained my customary strength and vigor.—John C. Pattison, Lowell, Nebraska.

Last spring I suffered greatly from a troublesome humor on my side. In spite of every effort to cure this eruption, it increased until the flesh became entirely raw. I was troubled, at the same time, with Indigestion, and distressing pains in

The Bowels.

By the advice of a friend I began taking Ayer's Pills. In a short time I was free from pain, my food digested properly, the sores on my body commenced healing, and, in less than one month, I was cured.—Samuel D. White, Atlanta, Ga.

I have long used Ayer's Pills, in my family, and believe them to be the best pills made.—S. C. Darden, Darden, Miss.

My wife and little girl were taken with Dysentery a few days ago, and I at once began giving them small doses of Ayer's Pills, thinking I would call a doctor if the disease became any worse. In a short time the bloody discharges stopped, all pain went away, and health was restored.—Theodore Ealing, Richmond, Va. ††

Another Attempt to Secure a Chinese Girl—Mr. Walls' Boycott

As Justice Gray was about to enter into his official duties last Tuesday with that geniality and affability exhibited to all who come before him, he was met by Mr. J. P. Walls, who, in a hurried manner announced that he had an affidavit from a Chinaman named Mah Dack, upon which he prayed that a writ of *habeas corpus* be issued and served upon the promoters, or friends, of the "Home" to have the body of a girl named Ah Fong, *alias* Hong Hoo, produced in court in one hour from the time of the application, the Mongolian affidavit alleging that the said Ah Fong, or Hong Hoo, was forcibly detained by the Rev. Mr. Starr, Miss Leake, (the matron of the Home) or Mr. Gardner, one of them or all, he did not care which. Shortly after the hour named the case was called, with Mr. Thornton Fell appearing on behalf of the "Home" Mr. Walls opened the case with a statement of the facts as referred to above, and took his seat to have the wind taken out of his sails by the statement from the opposing counsel, that as no such girl in the "Home" answered to that name or any name resembling it, they could not produce her. This, however, Mr. Walls himself subsequently found to be the case, his client having deceived him, desiring to secure some girl from the "Home," but not knowing the name of any. The monotony that usually characterizes Chinese cases was in this case relieved by the ludicrous situation into which the applicant's counsel was thrown and by the laughable remarks made in support of his application. In the first stage of the proceedings he declared he had seen the girl in the "Home" only a couple of days ago, knew her well, etc., and later on paralyzed the court by stating (when asked to proceed to the "Home" and pick out the girl) that he didn't believe any man could distinguish one Chinese girl from another. The upshot of the matter was that counsel for the applicant agreed if the counsel for the "Home" would file an affidavit that no such girl as was demanded was in there, it would be considered sufficient evidence of the fact. The affidavit was made and the counsel for the Chinaman abandoned the application. As a mode, it is said, of punishing their counsel for not sympathizing with them to the extent of securing at least one of the girls they exhibit some of their secret wiles by intimidating his Chinese servants to such an extent that they had to leave his employ—in fact boycotting him. They did not declare the boycott off till they had heard Mr. Walls had been retained as one of the counsels in defending Prof. Menzies.

SPORTING NOTES.

American cricketers are proving more than a match for the Winnipegers.

The International cricket match Manitoba vs. Americans, was won by the Americans by a majority of sixty runs.

The league clubs stand as follows: St. Louis, won 48, lost 24; Brooklyn, won 48, lost 28; Cincinnati, won 47, lost 28; Athletic, won 42, lost 31; Baltimore, won 35, lost 43; Louisville, won 28, lost 46; Cleveland, won 27, lost 47; Kansas City, won 22, lost 49.

A London dispatch of the 1st inst. says: Richard Howell, champion, to-day defeated M. G. Crocker of Boston, in a ten mile cycling race at Wolverhampton. Howell passed the post twenty-three times to Crocker's eighteen times. The distance was covered by Howell in 26 minutes and two seconds.

AQUATIC.

The fact of O'Connor, of Toronto, issuing a challenge to row Teemer does not in any manner surprise the San Francisco oarsmen, as, judging by the easy way in which he rowed Peterson down, and the pace he can get on his boat, there are many who firmly believe that O'Connor, fit and well, with a good boat and water, can smash nineteen minutes.

Wallace Ross has not yet responded to the challenge of Henry Peterson for a race in single shells. If Ross should accept Peterson's defi, it is intended that the contest take place over the Alameda course some time in September.

At a committee of management meeting the Cornwall club was expelled from the N.A.L.A. The Cornwalls will now challenge the Shamrocks to play for the championship "anywhere in creation."

KNOCKED OUT.

Minneapolis, Aug 4—Jack Dempsey, the light weight champion of the Pacific Coast, was knocked out in the eighth round by Charles Gleason, in a fight near Fort Snelling.

AMERICAN DISPATCHES.

DESPERATE STRIKERS.

Duluth, Minn., Aug. 4—The strike of men employed on street grading and other city improvements, which was inaugurated yesterday afternoon, has spread to a number of saw and planing mills, and this morning over four thousand men are idle. There is strong prospects of the strike becoming general. The large number out are determined they will not return to work till they are granted the demanded 25 cents increase in wages. A large body entered the engine room of Gray's mill and ordered Engineer Fish to quit running his engine. He refused and a rush was made for him. He retreated behind his engine and met the men with a volley of steam and hot water, which drove them back. Three time did they attempt this and were met at every point by clouds of steam and water. Several hundred gained access to the upper story of the mill and through an opening in the floor poured in a stream of planks, slabs and edging upon the machinery, seriously damaging it and injuring Fish.

SUGAR GOES LOWER.

San Francisco, Aug. 4—The California sugar refinery made another cut of an eighth of a cent this morning, which was immediately met by the American refinery.

LOST AT SEA.

San Francisco, Aug. 4—The steamer Alexander arrived at Sydney this morning. She brings news of the wreck of the wheat laden ship Star of Greece near Adelaide July 13th. The total number of persons on board was twenty-seven, four men and four apprentices were saved. All the others were drowned.

SUICIDE.

Worcester, Aug. 4—Hon. Adin Thayder, probate judge, and a well known politician, suicided this morning, cutting his throat with a razor. He was suffering from temporary insanity.

MORE BODIES RECOVERED.

New York, Aug. 4—Three more bodies were taken this morning from the ruins of last night's fire on the Bowery, so badly burnt that it is impossible to identify them. This makes twenty deaths in all.

THE KANSAS CIVIL WAR.

Topeka, Kansas, Aug. 4—Word reached here this morning that it is not expected that the troops who left Hutchinson yesterday will arrive at the scene of the trouble between the Hugoton and Woodsdale men in Steven's County until to-morrow night. Governor Martin has issued a proclamation which will be read to the people of Woodsdale and Hugoton by General Myers, calling upon all armed men in Steven's County to disperse and surrender their arms, and to aid the constituted authorities in preserving peace.

THE ARIZONA UPRISING.

Tucon, Ariz, Aug. 4—The Indian situation is unchanged. At San Carlos all the troops are being put into complete order, and are ready to march at a moment's notice, equipped for any kind and long continued service. Every precaution is being taken to prevent the Indians getting far from the agency. Pack mules are being imported in great haste, as if a long and immediate campaign was about to open. Gen. Myles immediate presence will do much to quiet the disturbance as the Apaches are afraid of him.

VETERAN SHOWMAN DEAD.

Cincinnati, Aug. 4—John Robinson, the veteran showman, died here this morning aged 82. He leaves property valued at $4,000,000.

CANADIAN NEWS.

ROW AT A CIRCUS.

Quebec, Aug 4—A row occurred at Riviere Du Loup last night, between gamblers who were following Howe's circus, and the inhabitants of the place, during which the gamblers and some circus people emptied several revolvers and rifles into the crowd of opponents. One man has been fatally wounded, and several others more or less seriously injured. Reports of the riot created a panic in the main tent of the circus, and many women and children were injured, being trampled on.

BETTER THAN GOLD.

Kingston, On., Aug. 4—Considerable excitement exists in this district owing to a large phosphate find. The Boyd-Smith mine at Eagle Lake turned out the largest known quantity in the Dominion. A vein twenty feet wide was discovered, from which hundreds of tons per day are being shipped.

WE MUST WAKE UP.

TO THE EDITOR OF THE TIMES:

SIR:—If we desire to prosper and make Victoria what we believe she is destined to remain, the chief city of the province, it is absolutely necessary for one and all to take a greater interest in public matters. As an example, in the vote on Tuesday last for only about four hundred individual votes to be cast in this city, when questions of the utmost importance come before the people, is a very serious indication of want of energy on the part of our citizens and causes one to exclaim, "whither are we drifting?" An answer naturally comes to one's mind in reply to the above as follows: Drifting into a state of indifference that will result in time in filling our legislative halls and city council with a class of men that will simply seek those positions to further their own selfish ends. The only guard against such a state of affairs is in the people themselves appearing in a body, one and all, at the polls and voting either for or against any person or any measure that is brought before them. For one-fifth of the people to take an interest in public affairs and the remaining portion to lay back in the most tantalizing indifference is more than provoking. With 14,000 people, a large percentage of whom are property owners, casting a small vote on an important money question for the benefit of the city at large places us in an unfavorable contrast comparing us to even an American village less than twenty miles from here. At an election for the benefit of their town, out of a population of eight hundred, two hundred and forty-five individual votes were cast, a comparison I fear that is an indication of an apathetic condition of Victorians generally. As a resident of this delightful place I feel concerned at the lack of interest taken by our citizens in matters of the most vital importance, especially at this time when there is so much push shown by other cities. It is necessary with the march of progress of the present age for us to be moving. We have everything here, and the growth of Victoria is a question which rests entirely with ourselves, but if we continue to be indifferent, not caring how matters are carried on when it is our business and our duty to look into and carefully weigh all questions that are brought before us, we will certainly neither make that advancement nor reach that proud position that all admirers of this city would wish to see her occupy.

WATCHFUL.

MAKING LUNATICS.

Religious Hysteria Caused by the Revivals of a Preacher.

Ottawa, July 30—For the past two weeks a revivalist calling himself Rev. Dr. Horner, has been holding meetings at the town of Fallowfield, in the county of Carleton, about twenty miles from this city. He so worked on the sensibilities of his congregation that over twenty of those who attended his meetings are laid up from nervous prostration, and it is reported that three of them may pass the remainder of their days in a lunatic asylum. His meetings are not characterized as being blasphemous, but are highly immoral. One of his teachings is that until a sinner is laid out insensible on the floor at the penitent bench, he or she falls short of sanctification. Every evening scores of men, women and children, under the intense excitement to which he has succeeded in raising their feelings, rolled about on the floor of the church while the whole congregation appeared like howling lunatics. The authorities have at last been called upon to prevent Horner from holding further meetings, as it is charged that the interests of morality demand police interference. He has accordingly been ordered to leave.

[It would not surprise us to learn that the only lunatic was the person who wrote the above dispatch.]

An Explanation.

What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word Malaria was comparatively unknown—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and Malaria are intended to cover what our grandfathers called Biliousness, and all are caused by troubles that arise from a diseased condition of the Liver which in performing its functions finding it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its' cures are marvelous.

A BY-LAW

To Provide for the Acquisition and Maintenance of a Public Library.

WHEREAS, THE SUBSCRIBERS OF THE Mechanics' Literary Institute heretofore established and maintained at Victoria, have resolved to hand over the Library of that institute to the City Council as a free, or partially free, circulating library.

And, whereas, it is expedient to accept the offer contained in the said resolution, and establish and maintain a public and free, or partially free, library, therefore

Be it enacted by the Council of the Corporation of the City of Victoria as follows:

1. This By-Law may be cited as the City Library By-Law, 1888.

2. It shall be lawful for the Council to accept and take over, on behalf of the Corporation, the library of the Mechanics' Literary Institute aforesaid, as a free, or partially free, circulating library, and to assume and pay any liabilities in connection therewith, not exceeding in the whole the sum of $450.

3. It shall be lawful for the Council to establish, and maintain a Public, Free or partially Free Library, of which the Library accepted and taken over shall be the nucleus; to obtain suitable premises therefor, and from time to time to accept or purchase such additions thereto, and such furniture as the Council may deem expedient; and to appoint a competent person to be City Librarian at such a salary as the Council shall fix, provided that the total expenditure under the authority of this section shall not exceed the sum of $1,200.00 in any one year.

4. The Council shall have power to make such rules and regulations from time to time for the management and use of the said Library, and for defining the duties of the City Librarian as they shall deem expedient.

5. This By-Law shall not be finally passed until the assent of the Electors of the City has been obtained, in conformity with the provisions in respect of By-Laws for creating debts.

Passed the Municipal Council the 18th day of July, A. D., 1888.

Received the assent of the Ratepayers the 31st day of July, A. D., 1888.

Reconsidered and finally passed the Council this first day of August, A. D., 1888.

A BY-LAW

To enable the Corporation of the City of Victoria to raise the sum of $20,000 for Water Works Purposes.

WHEREAS IT IS EXPEDIENT TO RAISE a sum of money for the purpose of purchasing Cast Iron Pipes for the distribution of water throughout the City and for laying the same and other water pipes within the City.

AND, WHEREAS, for the purposes aforesaid it is intended to raise by way of loan upon the credit of the said City the sum of $20,000.

AND, WHEREAS, it will require the sum of $1,396.00 to be raised annually by special rate for paying the debt intended to be hereby created and the interest thereon.

And, Whereas, the amount of the whole rateable property of the said Corporation according to the last revised Assessment Roll is $5,600,000.

And, Whereas, for paying the interest and creating an equal yearly sinking fund for paying the principal of the said debt intended to be hereby created according to the Municipality Act, 1881, an annual special rate of 1-44 of one per cent. on the dollar will be required.

And, Whereas, it is intended to reduce the general rate so that the said special rate shall not increase the total rate of taxation.

Be it therefore enacted by the Mayor and Council of the Corporation of the City of Victoria, as follows:—

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, or body or bodies corporate, who may be willing to advance the same upon the credit of the debentures hereinafter mentioned a sum of money not exceeding in the whole the sum of $20,000.00, and to cause the same to be paid into the hands of the Treasurer of the said Corporation for that purpose and with the object hereinbefore recited.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sums of money as may be required either in currency or in sterling money not less than $500.00, or the sterling equivalent of that sum and each and all such debentures shall be sealed with the common seal of the said Corporation and signed by the Mayor.

3. The said debentures shall be made payable in forty years from the date hereinafter mentioned for this by-law to take effect at the office of the Treasurer of the said Corporation at the City Hall, Victoria, and shall have attached to them coupons for the payment of the interest.

4. The said debentures shall bear interest at the rate of five per cent. per annum from the date thereof which interest shall be payable half yearly at the office of the said Treasurer.

5. For the purpose of forming a sinking fund for the payment of the said debentures and the interest to become due thereon an equal special rate of 1-44 of one per cent. on the dollar shall in addition to all other rates be raised, levied and collected in each year upon all rateable property within the said City of Victoria during the continuance of the said debentures or any of them.

6. It shall be lawful for the said Corporation from time to time to re-purchase any of the said debentures at such price as such case be mutually agreed upon and all debentures so re-purchased shall be forthwith cancelled and no re-issue of debentures or any debentures shall be made in consequence of such re-purchase.

7. This by-law shall before the final passing thereof receive the assent of the electors of the said Corporation in the manner provided by the Municipal Act, 1881, and shall take effect on the 25th day of August, 1888.

8. This by-law may be cited as "Water Works Loan By-Law, 1888."

WHEREAS IT IS EXPEDIENT TO RAISE a sum of money for the purpose of constructing a Brick Sewer along Johnson street in the said City, between Blanchard street and Victoria harbor, and such other sewers as it may be necessary to construct along such streets as intersect Johnson street.

And, Whereas, for the purposes aforesaid it is intended to raise by way of loan upon the credit of the said City the sum of $30,000.

And, Whereas, it will require the sum of $1,598 to be raised annually by special rate for paying the debt intended to be hereby created and the interest thereon.

And, Whereas, the amount of the whole rateable property of the said Corporation according to the last revised Assessment Roll is $5,600,000.

And, Whereas, for paying the interest and creating an equal yearly sinking fund for paying the principal of the said debt intended to be hereby created according to the Municipality Act, 1881 an annual special rate of 1-39 of one per cent. on the dollar will be required.

And, Whereas, it is intended to reduce the general rate so that the said special rate shall not increase the total rate of taxation.

Wedding.

The marriage of Frank J. Miller, of Tacoma, to Miss Ida Switzer, of this city, took place at the residence of Mr. Michael Young, Quebec street, on Saturday evening. Rev. Dr. Reid performed the interesting ceremony. The happy couple left this morning on the steamer Olympian for their future home in Tacoma.

Late Boat.

The Yosemite did not arrive from Vancouver till this morning at 7 o'clock, having waited for the Pacific express, which was behind time. The delay took place beyond Winnipeg, where a freight train was derailed and pretty badly broken up.

Life Insurance.

The late Coote M. Chambers was insured in the Northwestern Masonic Aid for $5500; in the A. O. U. W. for $2000, and also had a policy in the New York Mutual. The Masonic Aid has been doing business here for twelve years and this is the first death among its members.

Canada's Masonic Grand Master.

Richard T. Walkem, Esq., Q. C., of Kingston, Ontario, the recently elected Grand Master of the Grand Lodge, A. F. & A. M., of Canada, and brother to the Hon. Justice Walkem of this city, arrived from the east this morning by the Yosemite and is a guest with his brother at Maplehurst. The distinguished visitor is a popular member of the Ontario bar, of which he is one of its shining lights. At the recent convocation of Grand Lodge he received the highest individual vote ever given any one man. His strength with the brethren may be judged by the fact that out of a total vote of 900 he received over 900. It is understood that the brethren of the mystic tie in this city intend taking advantage of the presence of this distinguished gentleman by tendering him a banquet at an early date.

PERSONAL.

D E Kerr, first assistant teacher in the boys school, returned from the teachers convention in San Francisco this morning.

Mrs Caldwell, Misses Cameron, Forrest, Robinson and Tod returned from the teachers convention in San Francisco on the Mexico.

Master R Broderick has returned home from San Francisco.

Mrs H O Tiedman and son returned to Victoria on the Mexico this morning.

G E Powell, Victoria, was in Winnipeg on the 1st inst.

The directors of the Canadian Pacific deny that Sir George Stephen is retiring from the presidency of the road.

Miss Ackerman is a guest of Mrs J W Williams.

Archbishop Gross will remain in this city for some days.

Rev Mr Ladner left Kamloops on Wednesday for his former home in New Brunswick, to bring his wife and family to British Columbia.

Dr. Duval, the new pastor of the Knox church, has arrived in Winnipeg.

Sir Donald Smith is out of danger, but his convalescence, it is feared, will be slow.

E J McFeeley, McLennan & McFeeley, Vancouver, is in the city on a visit.

Mr Dewdney is appointed superintendent general of Indian affairs as well as minister of the interior.

Capt Young, of the bark Litchfield, now loading lumber at Hastings mill for Australia, and Mrs Young, are guests at ex-Mayor Fell's. The captain returns to-night and Mrs Young will remain a week.

Mr Jas Hutcheson, formerly of the White House, has returned from an extended visit to the old country and is looking well after his trip. While away he visited London, Paris, the exhibition at Glasgow, Ireland and other places of interest and importance, but what was more pleasing than all was a visit to the "old folks at home." In the business centres he selected a large stock of dry goods which will shortly arrive, and on the 1st of September he will open out in the *Colonist* building. Mr. Hutcheson is so well known that the undertaking is in no sense a venture or experiment.

Plumbers on Strike.

Frank Campbell received a telegram to-day warning plumbers to stay away from Seattle. A strike was inaugurated there this morning.

Black Dress Materials a Specialty.

Ladies who wear Black from choice will always find the most varied selection at the CITY HOUSE.

New C. P. R. Steamer.

It is rumored that Sir George Stephen's projected visit to England next month is for the purpose of giving contracts for a new Pacific steamer. Van Horne will probably accompany him.

The Record Broken.

Mrs. Patrick Connorton, Connecticut, gave birth to a child October 4th last. It lived but one week. Friday she gave birth to triplets, all girls, making four babies in less than ten months. Mrs. Connorton was married eight years ago and has had seven children, all living but one.

The Post-Office Strike.

The clerks in the post office have decided, perhaps wisely, not to strike, but will likely continue in their positions till they can find something more remunerative. It is to be hoped the public are not too apathetic to take the matter up and see that justice is done to our boys. The Victoria representatives were blameable in the first place for not seeing that proper remuneration was provided for on the estimates. It was to attend to such matters they were elected.

Picnic on Sunday.

The Society for the Investigation of Spiritualism, and friends, to the number of sixty, held a picnic at Goldstream yesterday. The large bus, Young America, hauled by five horses, carried 35 people. Several luncheons were partaken of and amusements—such as "kissing in the ring"—were indulged in. The party returned to the city at 9 p. m.

Young Men's Institute.

Deputy Organizer Alex. McDonald returned from New Westminster on Saturday evening. He organized a branch of the Young Men's Institute in that city on Thursday evening. The following officers were elected and installed: President, Joseph M. McDonald; First Vice-President, E W Carrol; Second Vice President, J Magnonne; Recording Secretary, Joseph Baichenbach; Corresponding Secretary, S Maushan; Fin. Secretary, W Carrol; Treasurer, Rev Father Cornelier; Marshal, J Fitzgerald; Surgeon, Dr Fagin; representatives to the grand council, R C McDonald and Dr Fagin.

Laid at Rest.

The funeral of the late Coote M. Chambers took place from the Masonic Hall, Douglas street, on Sunday afternoon at 2 o'clock. The remains were conveyed to the Reformed Church and from thence to Ross Bay cemetery. Right Rev. Bishop Cridge officiated at the church and cemetery. Deceased was a Past Grand Master of Masons. The funeral was attended by members of the different lodges in this city and a large concourse of friends. The pall bearers were Dennis R Harris, T Mitchell, W Dalby, T Shotbolt, G W Haynes, John Teague, M W Waitt and D W Higgins. Mr. Morris Moss, Master of Vancouver Quadra Lodge, No. 2, read the burial service at the cemetery.

The Lady Lecturer.

Last evening the Pandora street Methodist church was well filled to hear the temperance lecturer and organizer of the W. C. T. U., Miss J. Armenia Ackerman, of Boston, Massachussetts. The subject of her address was the "Influence of Woman," and it was most ably dealt with. The speaker is fluent and very easy and at home in her manner. She gives her auditors the impression of long study and deep conception of the question with which she deals. This evening she will again address the temperance people of the city and every evening this week. Wednesday she will give her renowned lecture on "San Francisco by gas light or the vices of a great city." Admission free each evening excepting Wednesday.

BISHOP LEMMENS.

Consecrated on Sunday Morning in St. Andrew's Pro-Cathedral.

For some time the clergy and congregation of the Roman Catholic Church have been making preparations for the consecration of a successor to the late lamented Archbishop Seghers. The sanctuary of the pro-cathedral was enlarged to accommodate the large number of visiting bishops and priests, and two Episcopal chairs were placed on the right and left side of the altar, which was decorated with beautiful flowers. Shortly before 9 o'clock on Sunday morning the Bishops with the elect and priests left the residence of the clergy and went in procession to the pro-cathedral. The consecrator, Archbishop Gross, was vested in full pontificals; the assistants were vested in rochets, stoles, capes and mitres and the elect in amice, alb, cincture and stole, crossed on his breast as a priest.

On arriving at the pro-cathedral the procession passed up the centre aisle and the consecrator took his seat at the altar. The elect, wearing his small cap, was led to Archbishop Gross by the assistant bishops; and, after saluting him, they sat down, the assistants on either side of the elect. The senior assistant then addressed the consecrator: "Most reverend Father, our holy Mother, the Catholic Church, requires of you to raise this priest, here present, to the burthen of a bishop." The Archbishop asked whether they had the Apostolic commission and requested that it be read. When the notary had publicly read the document the bishop elect, kneeling before the consecrator, recited the oath of duty and fidelity. When the formulary had been recited the Consecrator holding with both his hands the book of the gospels, the elect still kneeling before him, touched the sacred text with both hands and said: "So may God help me, and these holy gospels of God." Then the consecrator said: "Thanks be to God." Then followed the examination, which was made in almost the identical words prescribed by the Council of Carthage. These turn upon the duties of the Episcopal office and to each question the bishop elect answered, "I will." To a series of questions embracing the creed and profession of faith, he answered: "I believe." Then he approached and kissed the consecrator's hand. After this the archbishop laid aside his mitre and began the celebration of mass, which was continued in the usual form of the end of the tract after the Epistle. The elect laid aside his cope, assumed the pectoral cross and assisted the consecrator in tunic, dalmatic and chasuble, with stole uncrossed. The archbishop then stated the duties of the Episcopacy and invited the faithful present to pray. The elect prostrated himself on the left of the consecrator, and all the archbishops knelt whilst the Litany of the Saints was sung. Towards the end the archbishop pronounced a blessing thrice over the elect, who still remained in a prostrated position, emblematic of the interior humiliation of the soul in the presence of the infinite majesty of God. Whilst the clergy and congregation were kneeling the archbishop arose and with his crozier in his left hand turned towards them and prayed "That God would vouchsafe to bless, sanctify and consecrate the elect." After the Litany was ended the archbishop placed the book of the gospel open on the shoulders of the elect, where it was sustained by one of the chaplains. His Lordship Bishop Broudel, of Montana, then preached a sermon, replete with words of encouragement and piety, after which followed the imposition of hands. The consecrator and the assistant bishops laid their hands on the head of the elect, each of them saying: "Receive thou the Holy Ghost." The consecrator then said: "Be propitious, O Lord, to our supplications; and, inclining over this, thy servant, the horn of priestly grace, pour out upon him the virtue of thy blessing." He next intoned a sacred canticle and then invoked the Holy Ghost in the *Veni Creator Spiritus*, and, at the end of the verse, assumed the mitre and made the sign of the cross on the head of the bishop elect with holy chrism, and anointed the whole tonsure, saying: "May thy head be annointed and consecrated with a heavenly benediction in the pontificial order, in the name of the Father and of the Son and of the Holy Ghost." A prayer, full of beauty, asking God to bestow graces on the new bishop followed and the 132d Psalm was sung. Then the annointing of the hands took place, and the consecrator prayed that whatever the new bishop shall bless may be blessed, and whatever he shall sanctify may be sanctified. The next ceremony was the blessing of the Crozier. This is intended to signify that the power and grace of the pastoral office must be derived from God, the supporter of human weakness. The admonition given with this emblem of authority is: "Receive the staff of pastoral offices that thou mayest be piously severe in the correction of vices, exercising judgment without wrath, soothing the minds of the hearers in cherishing virtue, not abandoning a just severity in mildness." The ring was then blessed and placed on the right hand as an emblem of fidelity. An offering of two lighted candles, two loaves and two ornamented barrels of wine was then made. The mass was then proceeded with. After the solemn benediction the consecrator blessed the mitre and placed it on the head of the new bishop saying: "We place on the head of this prelate and combatant, the helmet of protection and salvation." The gloves were then blessed and placed on the hands of the bishop. The ceremony of placing the new prelate on the Episcopal chair was next performed. The *Te Deum* was sung, and during the chant the new Bishop with Bishop Junger and Bishop Glorieux made the circuit of the church giving the pontifical blessing. The Gospel of St. John closed the ceremony.

The following bishops and priests took part in the procession and services in the pro-Cathedral: Consecrator, Archbishop Gross; Bishop Junger, of Nesqually; Bishop Brondel, of Helena, Montana; Bishop Glorieux, of Idaho; Bishop Lootens, of Castaballa, I. P. L., and Bishop elect Lemmens. The priests present were: Fathers Verhaag, East Portland; Deicham, Port Townsend; Blanchet, of Jervais; Vermeersch, of St. Louis, Oregon; Rondeault, Cowichan; Brabant, Hesquiat; Lavallee, Joliet College, Quebec; Althoff, Juneau; Heynen, of Sitka; Verbeke, Barclay Sound; Nicolaye, Kynquot; Pretontaine, Seattle; McGuiggan, New Westminster; Mandart, Victoria; Bogaber, Joliet College, Quebec; Durand, Nanaimo; Laterne, Victoria; Donekele, Cowichan; Saintowrens O. P. St. Hyacinthe, Quebec; Cornelier, O. M. I., New Westminster; Fay, Vancouver; Kanteu, Cowlitz, W. T.; Kesters, Ellensberg; O'Dea, Portland, Oregon. Fathers Van Nevel, of this city, and Metayer, of Albany, Oregon, were masters of ceremonies.

Archbishop Gross preached at the evening service to a large congregation. The sermon was on the "Unity of the Catholic church throughout the Civilized World," and was listened to with marked attention. His Grace is a brilliant speaker and handles his subjects in a manner which cannot fail to engross the attention of his congregation. It is to be hoped that he will again favor the people of this city with another discourse before returning to his diocese in Oregon.

THE MENZIES' CASE.

Continuation of the Examination—Rev. Mr. Fraser Gives His Evidence.

A Curious Contention About the Law of Marriage by Mr. Walls.

At 11:20 o'clock this morning the case of W. R. Menzies was called.

Mr. Gannaway asked that Ah Chee be called for cross-examination.

Mr. Taylor said he was prepared to go on and would call Rev. Donald Fraser.

Rev. Donald Fraser—I am pastor of the First Presbyterian Church in this city; I have seen defendant; he was at my late residence; he was alone and said he wished me to marry a couple; the name on the license produced, Ah Chee, was the same; I suggested before I married them that an interpreter should be brought and suggested Mr. Gardner; he started to go away and then turned around and said, "That's the man who tried to extort $200 blood money from this Chinaman." Ah Chee and Ah Lin I know; about the first of June I was at Ah Chee's house; Ah Lin was living with him; Ah Chee was repeatedly at my house and wanted me to marry him to Ah Lin; he first said he wanted a marriage license, then he said he wanted a marriage certificate; it was difficult to understand what he really did want, and I suggested that he would bring Mr. Gardner to interpret; he was afraid Mr. Gardner would charge for interpreting; I received the receipts produced from the Chinaman on the day mentioned; I went down one day to the Chinaman's house in company with Mr. Gardner; it was on that day that the Chinaman gave us the receipts produced and the marriage certificate; they were living as man and wife. Next saw the girl at the Chinese Home; nothing special about the $150 took place while I was at the house; I am sure Mr. Menzies was the man and the Chinaman Ah Chee is the man who wanted to marry Ah Lin.

To Mr. Gannaway—Ah Chee came to my house a few days after Menzies called; speaking generally it was a few days after May 11th; he produced a license and wanted me to marry him. Ah Chee said he was a poor man and had given all he had for the woman; he had no more to give for an interpreter. I told him that Mr. Gardner was my friend and would not charge for interpreting; went to Ah Chee's house with Mr. Gardner about May 29th. Mr. Gardner, Ah Chee and his wife spoke in the Chinese language; we left together; I handed the papers to Mr. Gardner; the girl did not speak in English; cannot remember whether Ah Chee spoke in any other language but his own; I know nothing about Mr. Gardner; if everything was right I would have married the couple; Ah Chee often calls at my house and appears to be a straightforward man; he always spoke to me of the woman as his wife.

His Honor said there was no doubt the Chinaman was not married according to the law of the land.

Mr. Walls contended that Chief Justice Begbie gave a decision in the Supreme Court that the marriage of a Chinese man and woman by a Christian minister is illegal. They should be married by a civil form, and all marriages of heathens by ministers were illegal. A woman was married to a Chinaman named Chin Ah You. They were heathens and were, according to Mr. Walls, as much married now as they would be if married by either Rev. Mr. Starr or Rev. Mr. Fraser.

Ah Chee was then called and said: Ah Lin was 16 years and 10 months old at the time he married her; the time of the marriage was on the 10th March in the Chinese year; went to the Supreme Court with Mr. Menzies; they telephoned back to get the papers; went to a shop with Mr. Menzies; went afterwards to Mrs. Crawford's; paid Menzies $50 on a Saturday and received the marriage license on Monday; when we returned to Mrs. Crawford's house on Monday paid Menzies $100; when he went to the minister he understood that he should be married; Menzies told him he should go to the minister's; if he was married according to the Chinese custom it would not have been so awkward; by the Chinese way the parents on each side make out a card and these are exchanged; when they arrived home the witness was told by Menzies that they would go to Esquimalt after a while and get married; Menzies did not say that witness should get married right away because Gardner would take the woman away; waited about two weeks for Menzies to complete the marriage in Esquimalt, and then witness went to Mr. Fraser; three weeks and one day after taking the girl to the house Mr. Gardner came there and took the girl to the Home; it was during the night somewhere between 10 and 12 o'clock; Vrooman went to the house at 4 o'clock in the afternoon with a minister. He asked the girl whether she wanted to marry witness; Ah Lin said yes; witness said that both agreed that the payment of $150 was no swindle; Menzies did not impose on him (Ah Chee); received the girl and everything was all right; Ah Lin did not want to go to the home; Mr Vrooman asked to take the girl home for two or three days and he would procure a proper marriage certificate; induced the girl to go to the home; when the girl was taken to the house in a carriage by Menzies witness burned firecrackers; never asked Menzies to return the $150.

To Mr. Taylor—Menzies was given a present of $150 for board and room and clothing for the little girl; Menzies said the girl was to get married to him for $150; Menzies gave witness a number of wedding presents; when the girl was taken to the house with Mr. Menzies he thought he was married to her; Menzies and Mrs. Crawford came to the house with the girl; if Menzies had not fixed the thing right he would not have paid him $150; after Menzies gave witness the girl and paper he understood that made her his wife; never talked about the case to Menzies; Menzies and Mrs. Crawford knew we lived together.

To His Honor—It was arranged on Saturday that they should be married on Monday; a month before it was arranged with Menzies and Mrs. Crawford that witness should have the girl; Saturday was an unlucky day and Monday, the day witness married the girl, was a lucky day. Would not pay $100 before we went to the court; went to three ministers; Menzies said did all the talking; Menzies said witness must have another paper. After leaving the ministers Menzies said they would go to Esquimalt for another paper; the girl felt very happy and went along with witness; supposed when Menzies and Mrs. Crawford left that he was married; witness still considers that the girl is married to him; someone told witness the paper was not good and they intended to take away his wife; then went to Mr. Fraser; this was after Mr. Vrooman told Hong Yuen that the marriage was no good. The girl wanted to marry witness to go back to China; witness had some money; they would be properly married in China; Vrooman said he wanted $200 and $10 for expenses if he gave the girl to witness.

The court adjourned until 11 o'clock to-morrow morning.

Mr. Gannaway asked that Menzies be allowed out on his own recognizance.

Mr. Taylor objected, saying there are three charges hanging over Menzies and it would be contrary to all precedent to allow him out on his own recognizance.

His Honor said a number of people organized a home for these women whilst Menzies and Mrs. Crawford knew that this girl was living with the man and gave her to him.

The same bail was accepted.

SPORTING NOTES.

THE GREAT HORSE RACE.

The race at the Driving Park on Saturday was attended by the largest crowds which have ever been seen there, and they were not disappointed. The race was exciting, and every heat matched with the greatest interest. A start was made at 3:30 p. m., Bethel, Royal, Mayflower and Sleepy Tom getting away. Dasher was entered, but did not start. The four flyers went off even, and a splendid struggle took place for the lead. Royal got it and held his position to the finish, winning the first heat. In the second Royal got a bad start, being about twenty feet behind at the scratch. Mayflower took the lead and won the heat. Bethel and Sleepy Tom having failed to take either of the first two heats were, in accordance with the regulations, ruled out of the race. The third heat between Royal and the Victoria horse was the best of the day. They got off well and ran together round the track, but towards the finish Mayflower drew gradually away from the fleet Royal and won by a length, taking the purse. A large amount of money was up on the race. The backers of Sleepy Tom from Seattle and the Kamloops contingent dropped heavily. All who were present speak of it as a good, square race.

BASE BALL.

Circulars have been issued announcing that the annual baseball tournament will be held at Kamloops; the first commencing on September 17th. The following prizes will be offered:

Opened to all clubs in British Columbia and the Northwest Territories—First prize, $300 and the championship for one year; 2nd prize, $150. The championship will be represented by a trophy, of value not less than $50.

Opened to local teams only, within a radius of 150 miles of Kamloops—First prize, $100. Teams entering for the championship cannot enter for this purse.

Consolation Prize—Purse, $100, open to all teams playing in previous games that have not won prizes.

The championship trophy will be competed for annually at Kamloops in September, and must be won three years in succession, before becoming the property of any club.

The committee have arranged with the C. P. R. to issue return tickets to players, in parties of 12, at the rate of $10, from Calgary, Vancouver and intermediate points.

The Seattle "Browns" have written enquiring for particulars, but they are evidently barred out.

The chances are that Victoria will send a club, possibly the "Amitics," to compete for the championship.

The cricket match between Victoria and Vancouver teams is in progress as we go to press, and an easy victory for the home team is almost assured. At 4 o'clock Victoria had over 200 runs for six wickets. Mr. Ransom for the Victorians wields the bat with his usual skill and piled up 72 runs.
